Program:

Mark Ellison, City Forester for the City of Cheyenne presented on the City's bare root gravel bed tree planting program. Please see the attached presentation for information, and go here for a video of the process https://www.youtube.com/results?search_query=Cheyenne+Urban+Forestry

Scott Skogerboe, Fort Collins Wholesale Nursery, led the group on an entertaining tour of the High Plains Arboretum. More information on what's happening out there on this video http://www.cheyennetrees.com/high_plains_arboretum.aspx

Program Update:

Thank you very much to all those who attended the event, and special thanks to our hosts at the City of Cheyenne and Wyoming State Forestry, and to our presenters Mark Ellison and Scott Skogerboe! Our next get together is being scheduled for September 21 in Golden and we hope to extend that meeting into the afternoon as well to learn more about champion tree measuring equipment and techniques. See you then!
